

Childhood Lead Poisoning Prevention Program Lead Screening Parent Questionnaire

Name of Patient: _____ Date: _____

Age of Child: _____ Health Care Provider: _____

This questionnaire is about lead. Lead is a dangerous substance that sometimes gets into children's bodies. It can make them sick and affect their behavior and ability to learn. Answers to these questions will help the health care provider see if your child needs a blood lead test. If any of these questions are confusing, ask the provider or nurse to help you with them. For information, call the LeadLine at 1-800-368-5060 or 503-988-4000 in the Portland Metro area.

Please circle your answers to the following questions:

Does your child live in or regularly visit a home, child care or other building built before 1950?	Yes Don't Know	No
